ABOUT THE WORKSHOP

The *Getting the Love You Want Workshop* is one weekend that can add a lifetime of delight to your relationship. Fall in love all over again at the Imago weekend workshop for couples. Whether you are in the early days of blissful romance, or on the edge of a breakup, join the tens of thousands of couples who have experienced a wonderful change in their relationship from this one weekend experience.

With his bestselling book, *Getting the Love You Want*, Harville Hendrix, PhD, created a set of tools for transforming relationships. His process, Imago Relationship Therapy, offers couples a new way to communicate and connect. This workshop, based on Dr. Hendrix's book, uses stimulating lectures, written exercises, demonstrations, guided imagery, movie clips, and communication processes.

This educational workshop is designed to create a confidential and relaxed environment optimal for learning and growth. You will work individually and with your partner. Although you are not required to share with the group, you will be invited to do so at your own comfort level.

*"Important knowledge and
a great set of tools for anyone seeking
to improve their relationship."*
